

**MATERIAL OPTIONS****754SB/SP TRIO SIDE TABLE WITH METAL TOP**

The Trio series is a tectonic exploration where the composition of the table legs is the design focal point. The tables stand on three legs, with each leg attached to another leg with an intermediate horizontal substructure. The tables express a purity of form and material, with the unexpected design focus under the table, where an intricately composed lattice work brings a hidden elegance to the otherwise simple and unassuming table ensemble. The tabletop is stunning in a choice of brass or copper.
